## LOUNGING & DINING COLLECTION

Crafted from easy-care aluminum for easygoing, carefree days. Create this look or something of your own—we design beautiful outdoor spaces, too.

It can take as many as seven hides to upholster a leather sectional. We cut and color-blend every hide by hand.

We add custom touches like welt, nailhead trim, accent buttons, tufting, and more—all by hand.

Our Silao workshops are 3-time winners of Great Places to Work® Mexico certification and have earned recognition for environmental and social responsibility.

Much of our fabric upholstery comes to life in our workshops in Maiden, NC, an area with a generations-long history of crafting fine furniture.

WE BRING  
*exquisite*  
*upholstery*  
TO LIFE

Our artisans start with kiln-dried or engineered hardwood frames, many of which we source from sustainable forests.

We add low-VOC and CertiPUR-US® certified foam and fiber batting, plus custom-fit springs.

Around each frame, we hand-tailor the finest fabrics and the finest leathers, ensuring that each meets the highest standards of quality.

**Choose your frame, your fabric, and your flourishes.  
We'll make everything to order.**

WE'VE EARNED  
OUR REPUTATION FOR  
*quality &*  
craftsmanship

Since our founding in 1932, we've built every piece of furniture to the highest quality standards.

In our Beecher Falls, Vermont, sawmill, we mill logs into lumber; in our Pine Valley workshop, we receive lumber from U.S. suppliers. Our craftspeople can tell with one glance whether a piece of wood meets our quality standards.

In both Beecher Falls and Pine Valley, we kiln-dry every piece of milled lumber, which takes from four weeks to a year depending on the wood species. Cured lumber then goes to our Vermont and Honduras workshops to be crafted into exceptional furniture.

**Choose your frame, finish, and customizations.  
Our artisans will make your vision a reality.**

Ethan Allen still operates workshops in Vermont's Northeast Kingdom, in both Orleans and in Beecher Falls where our company began.

Our craftspeople still make every piece by hand using traditional techniques that stand the test of time. We still apply every finish and every exquisite piece of veneer by hand.
