ETHAN ALLEN®
— 90 YEARS OF INNOVATION —

CLASSIC DESIGN REIMAGINED IN TODAY'S STYLE

We've spent 90 years perfecting timeless design with a modern distinction that makes every piece equally lasting and luxurious.

Our secret: vertical integration. From design to production to delivery, we craft an unforgettable experience.

Your designer combines personal service, years of expertise, and cutting-edge tools to help define your vision.

Then, each piece is crafted the way you want it—we make nearly 75% of our products in our North American workshops.

Our delivery specialists bring it home with unparalleled care.

Vertical integration: It's the key to our success—and how the Ethan Allen experience continues to make dreams come true.

Ethan Allen still operates workshops in Vermont's Northeast Kingdom, in both Orleans and in Beecher Falls where our company began.

We still source lumber primarily from the U.S. In our Beecher Falls sawmill, we mill our own lumber from logs.

MODERN MASTERPIECES
MADE WITH
**time-honored
craftsmanship**

Since our founding in 1932, we've built every piece of furniture to the highest quality standards.

Your furniture begins with tried-and-tested techniques applied to trustworthy materials, like sustainably sourced lumber. We kiln-dry every piece of milled lumber ourselves, which takes from four weeks to a year depending on the wood species. Lumber then goes to our Vermont and Honduras workshops to be crafted into exceptional furniture.

We complete our pieces with traditional techniques complemented by state-of-the-art technology: Laser-cut grilles and lathe-turned legs meet hand-applied finishes, hand-carved details, and hand-placed veneers and inlays.

**Choose your frame, finish, and customizations.
Our craftspeople make one-of-a-kind heirlooms
that will be part of your family for generations.**
