WE MAKE APPROXIMATELY 75% OF OUR FURNITURE IN OUR OWN NORTH AMERICAN WORKSHOPS.

A HERITAGE OF QUALITY

It's a gift to have a job where you can spend every hour perfecting a craft you love. That pursuit of artistry and excellence permeates every inch of the furniture we make, from raw piece of lumber to finished work of art.

Experts trained in the arts of forestry and lumber inspection oversee the intake of lumber in Pine Valley, North Carolina, and the milling of logs in our sawmill in Beecher Falls, Vermont. It only takes one glance for our National Hardwood Lumber Association (NHLA) certified team in Pine Valley to judge whether a piece of lumber is worthy of the Ethan Allen name.

We also oversee the kiln-drying process that prepares every piece of maple, cherry, birch, and oak for use. Every day, our inspectors enter the kilns and take samples; hardwoods like maple dry in three or four weeks while oak can take up to a year to perfect.

In our workshops, artisans fit carefully chosen boards together by hand to construct our rough-sawn tabletops. We attach legs to tables using mortise-and-tenon joinery and fit dovetails together to create drawers. To complete each piece, we meticulously sand wood surfaces and apply each finish layer by hand. At the end of each step and when the final piece is ready, trained eyes give it a rigorous inspection.

This journey of passion and skill produces the exceptional quality for which Ethan Allen is so well known. It's why you can feel confident that the furniture you purchase from us today will provide years of beauty and worry-free function.

A TRADITION OF CRAFTSMANSHIP

The upholstered furniture you purchase from Ethan Allen is the product of many gifted hands. Artisans who have spent years perfecting their craft make every one of our upholstery pieces to order using the fabric or leather, wood finish, and finishing touches—nailhead trim, welting, accent buttons, tufting—of your choice.

Crafted from engineered, multi-ply hardwood panels—most of which we source from renewable forests—each frame is fitted with mortise-and-tenon joinery and nailed together by hand. We source the finest fabrics from all over the globe: More than half are printed or woven in the U.S., and all are tested to meet the industry's most rigorous standards.

Our leather upholstery is crafted from complete hides—no shortcuts like splits, castoffs, bonded pieces, or vinyl matching. It can take as many as seven hides to upholster a sectional, and we cut and color-blend each one of them by hand.

From the inside—cushions and fiber batting crafted from CertiPUR-US® certified foams, custom-weighted tempered steel springs—to the outside, whether fabric or leather, every piece of Ethan Allen upholstery is tailored by hand and finished with hand-applied trims and touches. From the hands of our artisans to the heart of your home, we're proud to deliver a level of craftsmanship that no other furniture maker can match.

EVERY PIECE OF ETHAN ALLEN UPHOLSTERY IS TAILORED BY HAND. WHETHER FABRIC OR LEATHER, THE RESULT IS ALWAYS A CUSTOMIZED, FLAWLESS FIT.

DESIGN SERVICE

With the gifts of a world-class interior designer at the ready—an eye for color and pattern, a feel or texture, a knack for choosing furniture, and a sense of flow and function—the transformation of your house into the home you’ve always dreamed of can truly begin.

Our designers can create furniture arrangements around your home’s unique features; they’ve never met an off-center fireplace, built-in bookcase, or wall of windows that they can’t design around. They can also help you choose furniture, fabrics, finishes, and accents that fit with your existing pieces and mementos.

Do you see a picture in this magazine that sparks happiness? Your designer can help you re-create it. Have you already made a board and collected pictures online? They’ll draw inspiration from what inspires you.

Looking for a beautiful living room that can still withstand both chocolatey fingerprints and muddy paws? They’ll show you fabrics and leathers that are both fashionable and friendly to kids and pets.

Schedule your complimentary interior design consultation in the Design Center, at your home, or via virtual appointment. This service, available at no charge, is our gift to you.

INTERACTIVE DESIGN TECHNOLOGY

Touchable samples of fabrics and finishes, intricate sketches of proposed room layouts—our gifted designers still bring their artistic visions to life in hands-on ways. They've also embraced cutting-edge 3D technology, creating breathtakingly realistic HD renderings that are true-to-life glimpses into the future of your space.

With our 3D Room Planner, you can see your new room complete with furniture, accents, lighting, window treatments, rugs, and more, both viewed from the top as a 2D room plan and seen from within as an immersive 3D rendering. We can even send you a link to a 3D walk through your room preview, which you can easily share with friends and family via email, IM, text, or social media.

Not looking to redesign an entire room? Download our EA inHome® app and use your mobile phone or tablet to preview a new piece of furniture or an accent in your space. If you like the look but want to switch up a fabric or finish, you can try out all the options—just tap until you get the look you love.

We're also constantly adding new digital tools to our website to empower you to shop with confidence. From our fabric preview tools to a version of our 3D Room Planner that you can use online, we've made it easier than ever to create the custom space of your dreams.

A LEGACY OF SUSTAINABILITY

In addition to designing beautiful homes, we want to design a better future for the greatest gift of all: our planet.

As industry leaders in sustainable manufacturing, we've substantially lowered our carbon emissions and greenhouse gases, found innovative ways to conserve water and electricity, reduced our landfill waste, and fought pollution near our workshops. We use low-HAP and low-VOP coatings in our furniture finishes to help keep the air cleaner, from our workshops to your home.

We are also Verified Sustainable and Legal by Appalachian Hardwood Manufacturers Inc. (AHMI), which means that our suppliers meet strict environmental and forest management standards. For every tree that our suppliers harvest, approximately 2.4 trees are planted, which means the forest is replenished faster than its resources are used.

When you invest in Ethan Allen furniture, you support our commitment to the fight against climate change, and you help to preserve our planet for generations to come.
