ETHAN ALLEN®

— 90 YEARS OF INNOVATION —

# Nathalie SOFA

This formal living room pulls itself together nicely thanks to a little tuft love from our Nathalie sofa and accent chair. Switch up the fabric if you like, or swap out the hand-tufting for channel-stitched or smooth backs.

# Melrose Too

## SECTIONAL

In this cozy lodge, our hand-tailored Melrose sectional anchors a welcoming conversation/relaxation zone—the perfect place to enjoy that last breath of summer before fall routines kick in.

# A LABOR OF LOVE

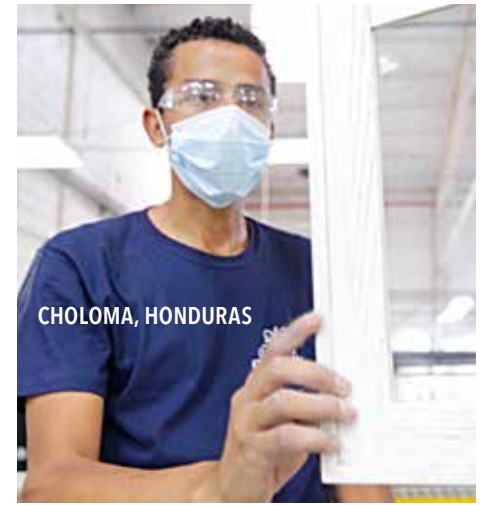

custom-made in our workshops

One of the best things about Ethan Allen furniture is that we make most of it ourselves. **We're proud to craft about 75% of our products in our North American workshops.**

Most of our furniture is made when you order it, just the way you want it. In the fabric or leather that you choose. In the finish that fits the character of your home.

Somewhere in North America, a craftsman is making something one of a kind. It's not just one of many pieces in a production line. It's for you, and you alone.

We add our signatures or burn our logo into every finished piece, and this is why: Years from now, when you're marveling at just how long your furniture has lasted, you'll remember that it was made with pride by the finest craftspeople in the world.

# Robyn BED

For this pastoral bedroom with a wink of glam, our designers chose Cirrus White furniture finishes. Our craftspeople then built each piece of furniture by hand, adding layers of paint and lightly distressing each surface.

Would you prefer black, gray, or warm brown? Let us know which finish you fancy, and we'll make your Robyn to order in our North American workshops.

Nothing beats the feeling of wrapping yourself in a cozy throw on a chilly night. All our alpaca throws are crafted from responsibly harvested fibers; it's comfort you can feel good about.

# Cameron

## DINING TABLE

We love how black and oil-rubbed bronze finishes add a modern edge to this farmhouse dining space. Thinking of a different look? Our craftspeople can complete your Cameron in a range of top and base finishes.

# Accents

They're the finishing touches that give your home the character, texture, and warmth of handcraftsmanship. Create moments like these all over your home: Schedule a complimentary accents home call with an Ethan Allen designer.

# INTERIOR DESIGN BY ETHAN ALLEN

where talent & technology combine

Coming home to a place you love—it's hard to put a price on that, so we didn't. **That's why we include interior design service, at no charge, as part of every Ethan Allen experience.**

Tell us about your challenges: the off-center fireplace, the built-in bookcase that's hard to design around. Show us rooms you love, whether they're in magazines or on Pinterest and Instagram.

Do you want formal space for entertaining? Do you prefer casual and pet friendly? Are you growing your family or downsizing because the kids have gone?

We create designs that are just your style, made for the way you live. Meet us in the Design Center, at your home, or online—just say where.

THE NEW!  
**Clement** BED

We chose neutral upholstered panels and pearlescent bedding to bring out the rich walnut finish of our Clement bed. You can also opt for artisan-crafted wood panels with a stunning olive ash burl veneer pattern.

THE NEW!  
**Stanton**

**DINING TABLE**

Let the bold, beautiful pedestal of our Stanton table serve up some drama in your dining room. It's cast in a hand-carved mold, then hand-painted in satin gold—and it's a look your guests will ask about again and again.
