SUSTAINABILITY

Fast furniture has its place; that place is not at Ethan Allen. We still make 75% of our products in our own North American workshops. In fact, many environmental innovations are spearheaded by the artisans who make your furniture. That’s because we manage every process, from sketch to sample to finished piece.

A WOOD FURNITURE WORKSHOP THAT RUNS PRIMARILY ON RENEWABLE ENERGY

Located in the heart of Vermont’s Northeast Kingdom, our Orleans workshop burns recovered sawdust and wood chips to cogenerate electricity. A few years ago, one of our plant managers realized that by changing the conditions in which we stored our fuel, we could get twice as much energy from it.

AN UPHOLSTERY WORKSHOP THAT KEEPS REUSABLE MATERIALS OUT OF LANDFILLS

At our upholstery workshop in Maiden, North Carolina, you’ll find the Shrink Smart machine, invented by our plant manager in partnership with a trusted vendor. It custom-cuts the shrink wrap we use to package our furniture; so far, we’ve kept enough plastic out of landfills to stretch more than 75 miles.

A DELIVERY SYSTEM THAT KEEPS CARBON EMISSIONS UNDER CONTROL

Because we manage everything, including the delivery of our products, we can control our logistics to crush our carbon footprint. We use fuel-efficient technologies whenever possible, and we carefully route our vehicles to minimize the number of miles they drive.

TAKING THINGS A LITTLE MORE SLOWLY MEANS OWNING EVERY DETAIL, INCLUDING HOW EVERYTHING WE DO AFFECTS OUR PLANET. **TO LEARN EVEN MORE ABOUT OUR ENVIRONMENTAL INITIATIVES, VISIT [ETHANALLEN.COM/RESPONSIBILITY](https://ethanallen.com/responsibility).**

VERTICAL INTEGRATION

FROM DESIGN TO DELIVERY,
WE ENSURE YOUR PERSONALIZED EXPERIENCE

At Ethan Allen, we take the lead on designing, developing, and delivering everything we make. It's how we can safeguard the quality of your Ethan Allen experience from start to finish, and why you'll see and feel our passion for quality and style in every one of your beautiful custom details.

In our own Vermont workshops, master woodworkers use traditional techniques handed down for generations to customize items, like a buffet, or table, with the features you dictate. Our upholstery experts cut the fabric or leather of your choice and size it for a flawless custom fit.

This is why we can call ourselves a Custom House: because our wood and upholstered items are made for you, when you order them, and not kept in bulk on a warehouse shelf.

DESIGN SERVICE

OUR WORK IS ABOUT MAKING YOUR PROJECT TRULY YOURS

Our vision of interior design is collaborative—it's how we're able to truly understand your style and allow that unique design story to play out in the details we select together.

We meet in those places that inspire you most, whether that's in our Design Center, where you can explore with your senses, or in your home where you're at your most comfortable.

For clients who prefer to work remotely, we collaborate via Live Chat, email, videoconference, and more, using our 3D Room Planner to show you how our concept for your space will come to life with your custom items placed in it.

Whether your style is Classic, Country & Coastal, or Modern, together we can make it your own.

CUSTOMIZATION

THOUSANDS OF OPTIONS AND INFINITE COMBINATIONS
TO MAKE YOUR PERSONAL SPACE MORE PERSONAL

In the hands of our skilled designers, a chair is not just a chair, and a sofa not just a sofa. At Ethan Allen, they're custom-crafted works of comfort that are designed detail by detail according to your desires.

Selecting the preferred shape, size, depth, and density of your new chair- or sofa-to-be lays the foundation for other elements— fabric or leather choices, colors and patterns, and unique additions, like nailheads, tufting, and welting—that truly convey your personal style.
