MADE CLOSE TO HOME. MADE FOR YOU.

WE CHOOSE TO MAKE MOST OF OUR FURNITURE IN
NORTH AMERICA, CLOSE TO OUR ROOTS IN THE U.S.,
TO SAFEGUARD THE ARTISTRY AND QUALITY THAT
HAVE DEFINED ETHAN ALLEN FOR 93 YEARS.

We first began making wood furniture in Beecher Falls, Vermont, and our sawmill is still operational there to this day. It's where we take in **responsibly sourced logs from Appalachian forests**; grade, mill, and kiln-dry them; and use the wood to craft elements of some of our best-known pieces.

In Orleans, Vermont, we use the wood milled in Beecher Falls, relying on technology via state-of-the-art C&C machines to create intricate designs for table legs and pedestals, and then **assembling, sanding, and finishing each piece by hand**.

A little further south, in Maiden and Claremont, North Carolina, the furniture capital of the world, we **hand-tailor fabric upholstery and craft exposed wood frames**.

In Silao, Mexico, our craftspeople make fabric upholstery but also specialize in **genuine leather craftsmanship**, working with artisan-dyed hides that they cut and expertly color blend by hand.

At our workshop in Honduras, we craft **a wide range of wood furniture, including pieces that require detailed wood carving**.

No matter where you find an Ethan Allen workshop, you'll find the same commitment to exceptional materials and enduring quality—a combination that has made us **a trusted household name for almost a century**.

THE CAPE MONACO COLLECTION

In durable black-brown aluminum and with deep brown, all-weather woven inserts, our fresh take on 1970s lounge furniture is ready to be your autumn afternoon conversation destination.

THE BRIDGEWATER COVE & MARTEENA COLLECTIONS

Looking for ways to mix, match, and create an outdoor look that's all your own?
Unified by a similar natural finish, our **Bridgewater Cove dining table** and
Marteena dining chairs pair to serve up endless textural appeal.

IT'S NOT ALL BLACK & WHITE

one brilliant accent redefines a whole room

When another designer put a bow on a beautiful career, she referred several of her clients to Tiffany Amato from our Pasadena, California, Design Center. One client in particular stood out in Tiffany's mind: **"She wanted everything in the color white!"**

Tiffany Amato
Design Consultant
Pasadena, CA
Platinum Spirit Award

Tiffany invited the client to the Design Center to pick up where her previous designer left off. She learned the client had several pieces of Ethan Allen upholstery already—and all were white. **"Solid-color upholstery gives you the chance to make each piece different through texture,"** Tiffany explains, **"and also gives you more freedom to choose accents like artwork and rugs."**

In search of accents, Tiffany took the client on a tour of the Design Center, and **that was when the client was drawn to a surprising piece: our Grand Heron artwork!** What began as an all-white design suddenly had a new and colorful direction.

With the herons as her guide, **Tiffany expanded the original palette to include shades of black, teal, and gold.** She selected our Dynasty coffee table in Aged Ember, a distressed black paint, to add depth to the palette in the center of the room. Custom pillows in a mix of textures, as well as our Danya drip vases, repeated the artwork's eye-catching teal tones. "Everything connected with the artwork, and it just flowed so harmoniously through the space," Tiffany shares.

Tiffany completed the room with touches of gold all around: brass nailhead trim adorning our Corbin ottomans in teal leather, our Cubist Finch sculptures, and the Colmar accent table in a champagne finish. **The result: The client loved the room's dramatic look, and she was thrilled to see her existing all-white Ethan Allen pieces in a fresh way.**

3D planning is Tiffany's secret to encouraging clients to take chances in their interior designs. "My clients always love my 3D renderings, especially after comparing the 3D to the real-life photo. It validates what pieces they end up loving the most."
