HAVE YOUR HOME DESIGNED BY ETHAN ALLEN

ETHAN ALLEN'S INTERIOR DESIGNERS MAKE FURNITURE RECOMMENDATIONS AND 3D ROOM PLANS. THEY MANAGE ORDERS, ORCHESTRATE DELIVERY DAY, AND OFTEN BECOME FRIENDS FOR LIFE—AT LEAST, THAT'S WHAT OUR CLIENTS TELL US.

Drop into a Design Center and let an Ethan Allen designer show you around. Tell them what furniture you like and which colors, fabrics, and accessories really speak to you.

From there, your designer can visit your home to explore its architectural features and get a sense for how you want to live in the space. They'll craft a personalized presentation, including an incredible 3D preview of their proposed design, and work with you until the details are just right.

Our designers help clients who are growing their families or downsizing. They help property developers and realtors turn blueprints into showplaces. **From first conversation to delivery day, their help is complimentary—and you'll love the results.**

QUALITY THAT STANDS THE TEST OF TIME

WE MAKE ABOUT 75% OF OUR FURNITURE IN OUR NORTH AMERICAN WORKSHOPS, CARRYING ON THE STANDARDS OF CRAFTSMANSHIP AND EXCELLENCE THAT HAVE MADE US A HOUSEHOLD NAME.

When you purchase wood furniture from us, our craftspeople use wood sourced from responsibly managed Appalachian forests. They kiln-dry the wood, mill it, and use it to shape and assemble each piece, finishing your furniture by hand.

Purchasing upholstery? Our craftspeople use only fabrics and leathers chosen for their exceptional beauty and quality; you can even customize cushion comforts and add the trims of your choice. Every piece, every time, our craftspeople will make it to order, just for you.

Enjoy all the quality and personalization of a custom furniture house, offered at an incredible value. **It's why people have made Ethan Allen a part of their homes for almost a century.**

DESIGN THAT GROWS WITH YOU

a custom nursery she'll love for years

Marty Holick
Diamond Spirit Award
Best Use of Custom Soft Goods
in a Space

For a family building their forever home, the design of their baby's nursery posed a unique challenge. Avid travelers, the parents longed to feel planted so their children could grow, and they also wanted the baby's room to be one she would be proud to have friends visit as she gets older.

The couple reached out to award-winning designer Marty Holick, a master of textiles, to help them achieve their vision. To create a beautiful room for one of the most important people in the parents' lives, Marty tapped into our extensive book of custom textile options.

"Every detail matters in this room," Marty tells us. He began with a custom Rania bed, hand-tailored in a soft blush fabric that became the foundation of the room. **"You have a beautiful brush fringe, welting, taping, buttons—it all helps balance the large-scale print on the headboard."**

Even the drapery was custom, and Marty carefully considered every detail there, too. **"With the wallpaper being a pink field with white lines, I reversed it on the drapery. That contrast is what makes these draperies really stand out."**

Having custom pieces crafted, according to Marty, is easier than you think—and **that makes it so simple to design a room a girl can love whether she's one or eleven.**

One thing you just have to know about Marty: He loves color. "A lot of people are on the train of everything being a tone of gray, but we all live in color. Color expresses emotion; for me as a designer, **I know my job is done when you feel something when you walk into a room.**"

If your family is growing or just needs a change, stop by your local Design Center. Designers like Marty are here to look, listen, and create a home that meets your family's needs for years to come.
