

A living room decorated for Christmas. A large white Christmas tree stands in the center, adorned with warm white lights, white and gold ornaments, and white snowflake decorations. Several wrapped gifts are placed at its base. To the right, a high-backed armchair with a floral pattern in shades of pink, red, and green sits on a light-colored rug. To the left, a portion of a red tufted armchair and a glass-topped coffee table with a gold frame are visible. Large windows in the background are dressed with heavy brown curtains. The room has white walls and crown molding.

Tell your Ethan Allen designer about your space: its quirks, how you use it, what your goals are. Show them your paint chips, your online pinboards and albums, whatever inspires you—and tell them about the furniture or collectibles you can't bear to part with.

Ask your designer about creating a 3D room plan, so you can preview your project and make adjustments along the way. The result won't be just an Ethan Allen room; it'll be a *totally you* room, made with everything you love and designed for the way you want to live.
