

# HAVE YOUR VISION

BROUGHT TO LIFE BY  
ETHAN ALLEN®

# DESIGN A PLACE YOU'LL LOVE COMING HOME TO

EVERYONE DESERVES TO FEEL JOY, DELIGHT, AND CONTENTMENT IN THE SPACES WHERE THEY LIVE WITH THE PEOPLE WHO MATTER MOST. THAT'S WHY WE INCLUDE COMPLIMENTARY INTERIOR DESIGN WITH EVERY ETHAN ALLEN EXPERIENCE.

We staff our Design Centers not with salespeople, but with professional interior designers. **Making homes beautiful is their job. It's also their passion.**

They love listening, discovering each individual or family's unique style, finding out how they want to use each space, and drawing on their design skill to create a place that truly feels like home. **All you have to do is stop by a Design Center, call, or reach out online to start the conversation. They'll handle everything else.**

Many design partnerships start with a tour of the Design Center, where your designer notes the colors, furniture, and design styles that really speak to you. They may suggest a home call to see the space they're designing. Then they'll show you their vision, including **a 3D preview that will unveil all that your home can become.**

Come home to something truly spectacular—have your home designed by Ethan Allen. It's complimentary, and you'll love the results.

# QUALITY IS WHAT IT'S ALL ABOUT

QUALITY HAS ALWAYS DEFINED ETHAN ALLEN—  
AND ALWAYS WILL. IT'S WHY SO MANY HAVE  
MADE US A PART OF THEIR HOMES FOR SO LONG.

Consider this your invitation to say goodbye to fast furniture and treat yourself to true craftsmanship and customization—**furniture made just for you.**

Our craftspeople build each piece with high-quality bones—responsibly sourced and kiln-dried lumber, high-quality foams and springs. They apply veneer and wood finishes by hand. **They hand-tailor high-quality fabrics and leathers to each frame.**

There's nothing wrong with beige and gray, but they shouldn't be the only available options. That's why we offer **a world of beautiful fabrics, leathers, and finish colors and characters to choose from.**

Each finishing touch, from contrast welt to gold leaf to nailhead trim, is the work of a real craftsman. **Quality and skill go hand in hand—that's why we still make most of our furniture in our own North American workshops.**

When people think "quality," they think "Ethan Allen." Visit a Design Center to **discover the difference for yourself.**

# COMFORTABLE FOR EVERYONE

In shades of salt, sand, and sea, this room is made for casual relaxation. Our hand-tailored **Spencer sectional**, shown here with a cuddle chaise, is totally customizable—have it configured in the way that works for your space.

a Regency-inspired vibe that elevates coastal  
rooms like this one.

## CASUAL YET SO REFINED

A textured tabletop, like the one on this **custom dining table**, plays so well in both coastal and farmhouse spaces; on our **Clinton host chairs**, our Miriam Heather fabric's loosely woven linen-blend texture enhances a print with a vintage look.

# MODERN MOUNTAIN CHIC

*a modern home for a client with classic tastes*

**Laura Mitchell**  
Design Consultant  
Boise, ID  
Diamond Spirit Award

While her new home was being built in the Idaho mountains, a new client made the two-hour journey to our Boise Design Center. There, she met designer Laura Mitchell, who recalls, **"She had her floor plans with her, and she had this great concept of what she wanted to do."**

Photos of the client's former home revealed a very classic style, but the new home had a modern feel—including **a great room with a high vaulted ceiling, a grand stone fireplace, and picture windows.** Drawing from the architecture, Laura developed a plan with mixed natural textures and neutral tones. **"Modern mountain chic is what we decided to call it,"** she explains.

To define the great room's main seating area, Laura began with the client's own ornate area rug, then tapped into one of her favorite combinations: our stone-top Valeria coffee

table and our timeless Odell sofa. She added a **double nailhead trim** to Odell, playing into Valeria's metal base and European vibe, and selected two grand 48" Solenne swivel chairs for a second seating area by the windows.

For the client's pink guest room, Laura chose our **Rania bed** in Sylvie Blush, a lustrous velvet. She also created **custom window treatments** that complement the sweet, floral vibe of the space. "When clients come to me with an elaborate plan," Laura says, "I want to make sure I check all their boxes for them."

After this project was completed, the client got engaged and is now selling the home—so she asked Laura to design the home for her next chapter, too! **"You get really close as you're working with a client and it becomes like a friendship,"** Laura shares. "We're taking as much as we can from that house into this new house."

*Clients often have a hard time visualizing a design, and that's where Laura's 3D planning skills add so much value. "I draw it up and my clients feel so much more confident with the process. They'll say, 'I had no idea it was going to look like that! It helps so much.'"*

*You have the vision; Ethan Allen's designers have the skill, tools, and expertise to create a plan and bring it to life. When you're ready to start your next project, just stop by your local Ethan Allen, where design service is complimentary.*
