Work From Home IS HERE TO STAY

ETHAN ALLEN®

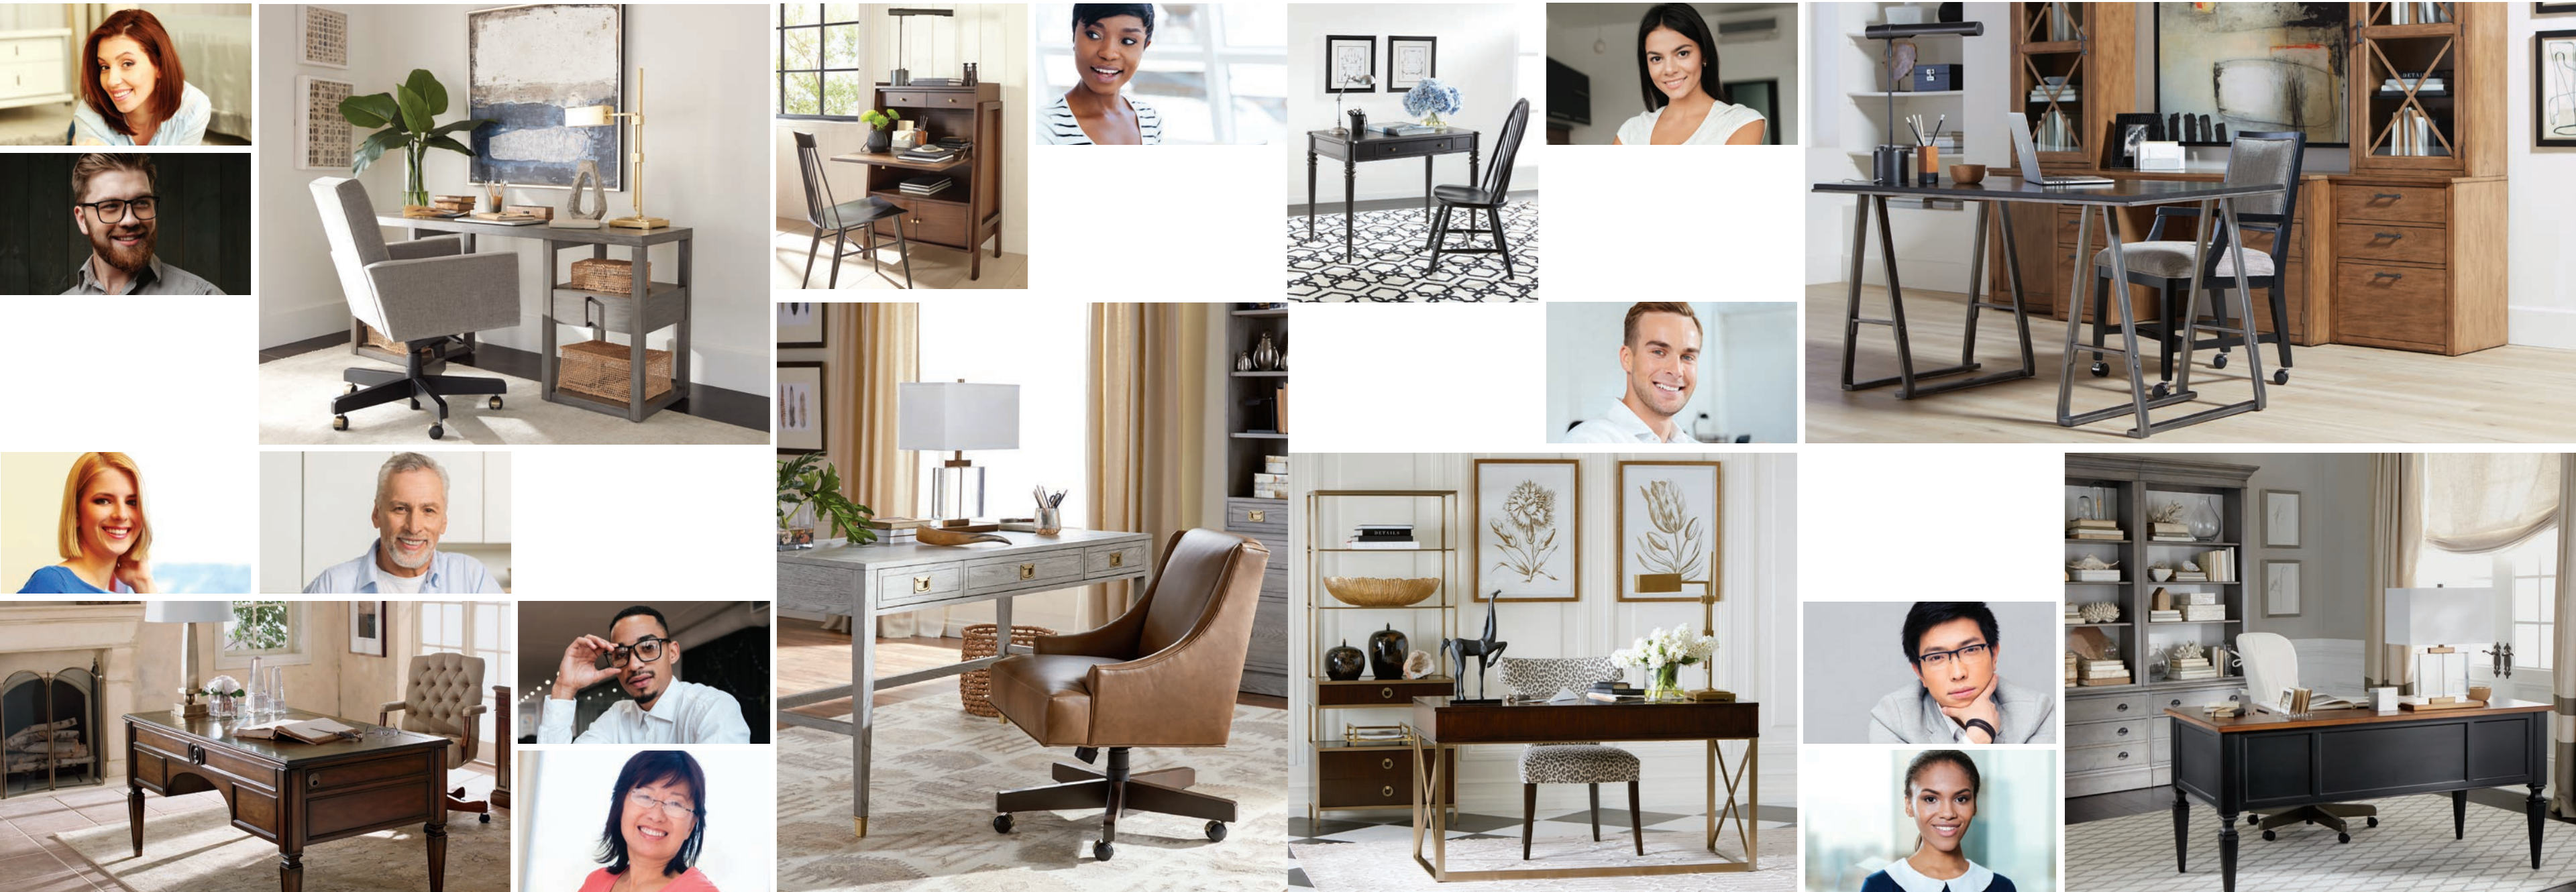

WE MAKE THE AMERICAN *Home Office*

TRADE YOUR COMMUTE FOR A VOYAGE TO THE *Office Of Your Dreams*

Farewell, bumper-to-bumper traffic and uninspiring cubicles. All over the world, we're commandeering kitchen tables and bringing laptops to cafés. And now, via videoconference, we're inviting the whole world into our homes.

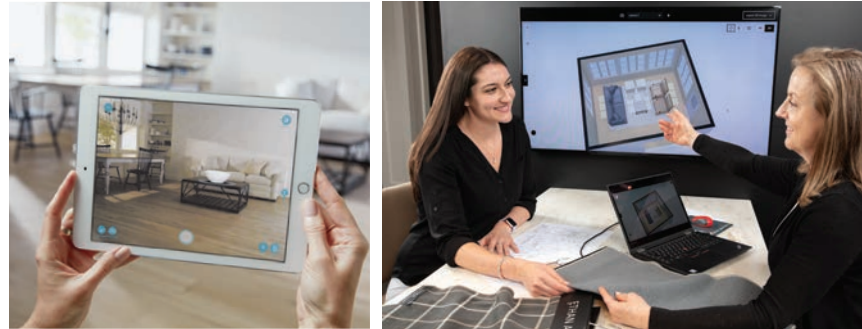

For 88 years, Ethan Allen has helped people thrive during transformational times. We believe nothing inspires great work more than a home office that truly communicates who you are.

We hope these designer looks and can't-miss tips set the stage for the best work you've ever done.

In Every Way, Personal

ETHAN ALLEN'S COMMITMENT TO YOU

for every **STYLE**

Classic, country and coast, modern industrial—if there's a style story that speaks to you, we have the elements to help you create it.

for every **SPACE**

Guest bedroom, finished basement, new addition, compact corner—wherever your new office finds a home, we'll make sure it's both fabulous and functional.

Standalone shelving and cabinets, plus customizable storage systems designed to fit your space.

for every **TASTE**

Office chairs, tailored by hand in your choice of fabric or leather, many with customizable back styles and finishes.

A custom desk option, available in your choice of single- or two-tone finish, with one of three leg styles.

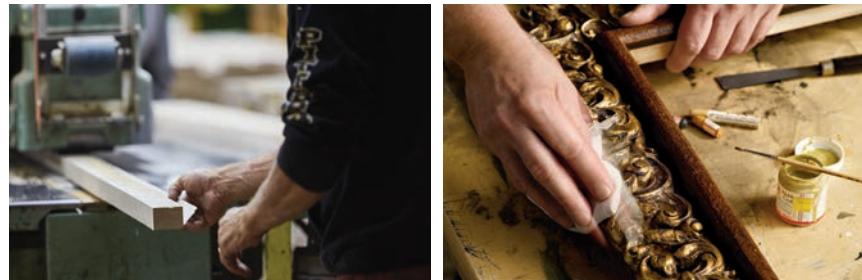

for **EVERYONE**

No matter where you begin—"I know exactly what I want," "I don't know where to start," any point in between—for no additional charge, our designers will create a home office that has "you" written all over it.

ABOVE ALL ELSE, QUALITY
Ethan Allen's Pledge to You

Invest in quality today. Enjoy your furnishings for years to come.

made with CARE

We make 75% of our products in our North American workshops, enforcing industry-leading quality standards from start to finish. When we work with other artisans, you can be certain that what they make, and the way they make it, are worthy of the Ethan Allen name.

“I think about the person who’s using the furniture—who they are, what their life is like. What we make will be part of their homes, maybe for generations.”

commitment to CRAFTSMANSHIP

We fit every door and drawer of our wood furniture to its frame by hand, using traditional techniques like English or French dovetail construction. In addition to tailoring fabric and leather seats by hand, our artisans apply every wood finish by hand.

the finest COMPONENTS

At least half of the wood furniture we make is crafted from logs processed in our Vermont sawmill, which we’ve operated since 1932. Strict controls keep logs and lumber in top condition, so our artisans work only with the best materials.

a global CONSCIENCE

We prioritize wood from sustainably managed forests, keep air clean with low-emission finishes, and take strict measures to minimize our electricity and water use. We’re leaders in sustainable manufacturing and champions of good working conditions all over the world.

“I’ve practiced the art of woodworking for over 40 years. I make every piece of furniture as though I’m making it for a member of my family.”
