FROM OUR PROUD AMERICAN BRAND TO YOUR HOME

As we look forward to our nation's birthday next month, I am proud to reflect on our 90-year history of adding a distinctly American point of view to the best design elements from around the world.

We design our products. We craft more than 75% of them in our own North American workshops. We deliver them to your home with exceptional care.

We also include the extraordinary value of our complimentary interior design service—from home visits to 3D room plans, all offered at no charge to you.

Behind every design and every product, you'll find a team of remarkably talented people. Their vision, skill, and pride are what make our brand so exceptional.

the best craftspeople IN THE WORLD

Crafted by hand. Tailored by hand. Finished by hand. "By hand" is the way of things at Ethan Allen—always has been, always will be.

In North Carolina, you'll find artisans tailoring fabric by hand over sturdy, durable frames. In Silao, Mexico, artisans cut and color-blend every hide meticulously, by hand.

In Beecher Falls, Vermont, craftspeople take in sustainably sourced Appalachian hardwood and mill each log, kiln-drying every piece to ensure its durability.

In Orleans, Vermont, and in Honduras, craftspeople hand-fit joinery, arrange luxurious wood veneers, apply finishes by hand—every gesture a measure of an artisan's heart and the pride they pour into their craft.

Spencer TRACK-ARM SOFA
