START IN THE DESIGN CENTER

Your Ethan Allen designer will take you on a tour to see what kinds of furniture you like, getting to know you and what you want your home to become. After your initial meeting, **your designer may suggest a complimentary home call**—it helps to see the space they're working in and get a real feel for how you live in it.

DECIDE ON A VISION

See your designer's idea of what your home can become, via **a 3D room plan and an HD 4K video walkthrough of the design** that shows you every detail. Clients really love this presentation—we often hear them say "I can't believe this is my home!"—but it can be when you work with Ethan Allen.

HAVE EVERYTHING DELIVERED

When your furniture arrives, Ethan Allen will call to help you plan **the best day of all: delivery day**. The delivery team will assemble each piece as needed, place it where it needs to go, and remove all packaging, treating your home as if it were their own. Your designer will either be present for delivery or provide a detailed map for placing each piece.

CREATE THE HOME YOU'VE ALWAYS WANTED

Have furniture made in the style you love and surroundings decked out in the colors that inspire you, with every piece arranged and every detail chosen for the way you live. **Have your home designed by Ethan Allen—it's complimentary, and you'll love the results.**

DOWNSIZING TO THE HEIGHTS OF STYLE

a real-life Ethan Allen design story

Kathleen O'Malley Beckett
Design Consultant
Sarasota, FL
Platinum Spirit Award

When a couple decided to leave their home up north for sunny Sarasota, Florida, Ethan Allen designer Kathleen O'Malley Beckett took on the challenge of **bringing their personal style to life in a much smaller space.**

When she meets new clients, Kathleen starts with a tour of the Design Center to see what they're drawn to. "I want people to sit in a styled room and move around to make sure they feel comfortable. I tell them, 'Touch the material. Can you visualize yourself in this room? Pretend you're in your house and turn around—what will you see?'"

In the client's space, the answer to "what will you see" was "everything"—the living room, dining room, kitchen, and foyer weren't separated by walls. Working together with her client, who has an artistic background, Kathleen recommended **a soft blue and neutral palette to tie the zones together,** then chose key pieces like our Valeria coffee and end tables,

which kept the living room light, airy, and visually flowing. In the foyer, a seascape art print called *Lingering Grey* echoed the blues from the other areas, and the custom buffet below housed the client's crystal collection.

The clients had always wanted a bed with a full canopy in their old home. For their new bedroom, Kathleen chose **our Andover poster bed, keeping the classic silhouette the client was drawn to while preserving a light and open feel.** At the end of the bed, our Sidney bench provided extra seating—and gave the couple's beloved dog a stepping stone to the top of the bed.

The couple loved their new Florida home—and Kathleen loved helping them set the stage for their life's next phase. **"The greatest thing for me is when they say, 'Thank you. I don't have to shop anymore.' This is what I want to do for everybody who comes in."**

Making a big move? Starting a new phase of life? An Ethan Allen designer can make your new place feel like home, and their service is yours at no extra charge. Stop by to get started!

MADE US A PART OF THEIR HOMES FOR SO LONG.

Consider this your invitation to say goodbye to fast furniture and treat yourself to true craftsmanship and customization—**furniture made just for you.**

Our craftspeople build each piece with high-quality bones—responsibly sourced and kiln-dried lumber, high-quality foams and springs. They apply veneer and wood finishes by hand. **They hand-tailor high-quality fabrics and leathers to each frame.**

There's nothing wrong with beige and gray, but they shouldn't be the only available options. That's why we offer **a world of beautiful fabrics, leathers, and finish colors and characters to choose from.**

Each finishing touch, from contrast welt to gold leaf to nailhead trim, is the work of a real craftsman. **Quality and skill go hand in hand—that's why we still make most of our furniture in our own North American workshops.**

When people think "quality," they think "Ethan Allen." Visit a Design Center to **discover the difference for yourself.**
