# QUALITY FURNITURE MADE BY MASTER CRAFTSPEOPLE

ETHAN ALLEN GOT ITS START DURING THE GREAT DEPRESSION AND SPENT ALMOST A CENTURY BUILDING ITS *BONA FIDES* AS A PROUD AMERICAN BRAND. **TODAY, WE CHOOSE TO CONTINUE MAKING ABOUT 75% OF OUR FURNITURE IN OUR VERY OWN NORTH AMERICAN WORKSHOPS.**

BEECHER FALLS, VT

MAIDEN, NC

**Find your favorite frame, then explore the hand-picked details each one offers.** As your furniture moves from concept to finished piece, dozens of craftspeople lend their skills to its creation.

**In our Vermont and Honduras workshops,** skilled craftspeople shape intricate pieces using state-of-the-art C&C machines; others fashion drawers to the depth of the furniture piece and fits them with dovetail joinery. Another team applies finishes one layer at a time; yet another inspects your furniture to ensure perfect looks and lasting quality.

**In our North Carolina and Mexico workshops,** one artisan assembles your upholstery's durable frame. Another installs springs and environmentally friendly foams, before another tailors your fabric or leather choice to your furniture's frame; at last, another artisan adds unique details like tufting and trim, by hand—all so you can have a beautiful piece of furniture made only for you.

The result of this process is a one-of-a-kind piece of furniture with quality you can see and feel—and **that's why families have trusted us for nearly a century.**
