## MEANS SEEING THE CLASSICS IN A MODERN LIGHT

Lifestyles aren't set in stone; they change from season to season. The simplest customizations—a fresh fabric, a new finish—can set a whole new tone for a space.

Because we make almost 75% of our products in our North American workshops, we can offer more custom options than anyone else. We design our products, craft them, and deliver them to your home, always with exceptional care.

Our interior designers can help you get your furniture just right; they can even help you re-envision your entire home. This service, which includes our 3D room plans, is offered at no charge to you.

Behind every design and every product, you'll find a team of remarkably talented people. Their artistic vision will always surprise you; their skill will ensure quality you can always rely on.

# the best craftspeople

IN THE WORLD

Crafted by hand. Tailored by hand. Finished by hand. "By hand" is the way of things at Ethan Allen—always has been, always will be.

In **North Carolina**, you'll find artisans tailoring fabric by hand over sturdy, durable frames. In **Silao, Mexico**, artisans cut and color-blend every piece of leather meticulously, by hand.

In **Beecher Falls, Vermont**, craftspeople take in sustainably sourced Appalachian hardwood and mill each log, kiln-drying every piece to ensure its durability.

In **Orleans, Vermont**, and in **Honduras**, craftspeople hand-fit joinery, arrange luxurious wood veneers, apply finishes by hand—every gesture a measure of an artisan's heart and the pride they pour into their craft.
