CREATE THE RETREAT YOU DESERVE

The finest furniture has a story to tell—and the Clayton bed spins a yarn of Swedish farmhouse inspiration. Handcrafted in our North American workshops, it features dramatic fluted carvings atop its post and along its base.

INCLUDED IN EVERY ETHAN ALLEN EXPERIENCE: DESIGN SERVICE

FOR NO ADDITIONAL CHARGE, OUR PROFESSIONAL INTERIOR DESIGNERS HELP WITH EVERY DETAIL OF YOUR CUSTOM FURNITURE, WINDOW TREATMENTS, AND CUSTOM TEXTILES, BRING IN ACCENTS LIKE LIGHTING AND RUGS, AND CREATE 3D ROOM PLANS THAT HELP YOU VISUALIZE WHAT YOUR HOME CAN BECOME.

Drop into a Design Center and let an Ethan Allen designer show you around. Tell them what furniture you like and which colors, fabrics, and accessories really speak to you.

From there, your designer can visit your home to explore its architectural features and get a sense for how you want to live in the space. They'll craft a personalized presentation, including an incredible 3D preview of their proposed design, and work with you until the details are just right.

Our designers help clients who are growing their families or downsizing. They help property developers and realtors turn blueprints into showplaces. **From first conversation to delivery day, no matter how many appointments you need, their help is complimentary—an unbeatable value.**

MADE TO ORDER. MADE CLOSE TO HOME.

COMPANIES, LIKE PEOPLE, ARE DEFINED BY THE DECISIONS THEY MAKE. WE CHOOSE TO MAKE MOST OF OUR FURNITURE IN NORTH AMERICA, CLOSE TO OUR ROOTS IN THE U.S., TO SAFEGUARD THE ARTISTRY AND QUALITY THAT HAVE DEFINED ETHAN ALLEN FOR 93 YEARS.

We first began making wood furniture in Beecher Falls, Vermont, and our sawmill is still operational there to this day. It's where we take in responsibly sourced logs from Appalachian forests; grade, mill, and kiln-dry them; and use the wood to craft elements of some of our best-known pieces.

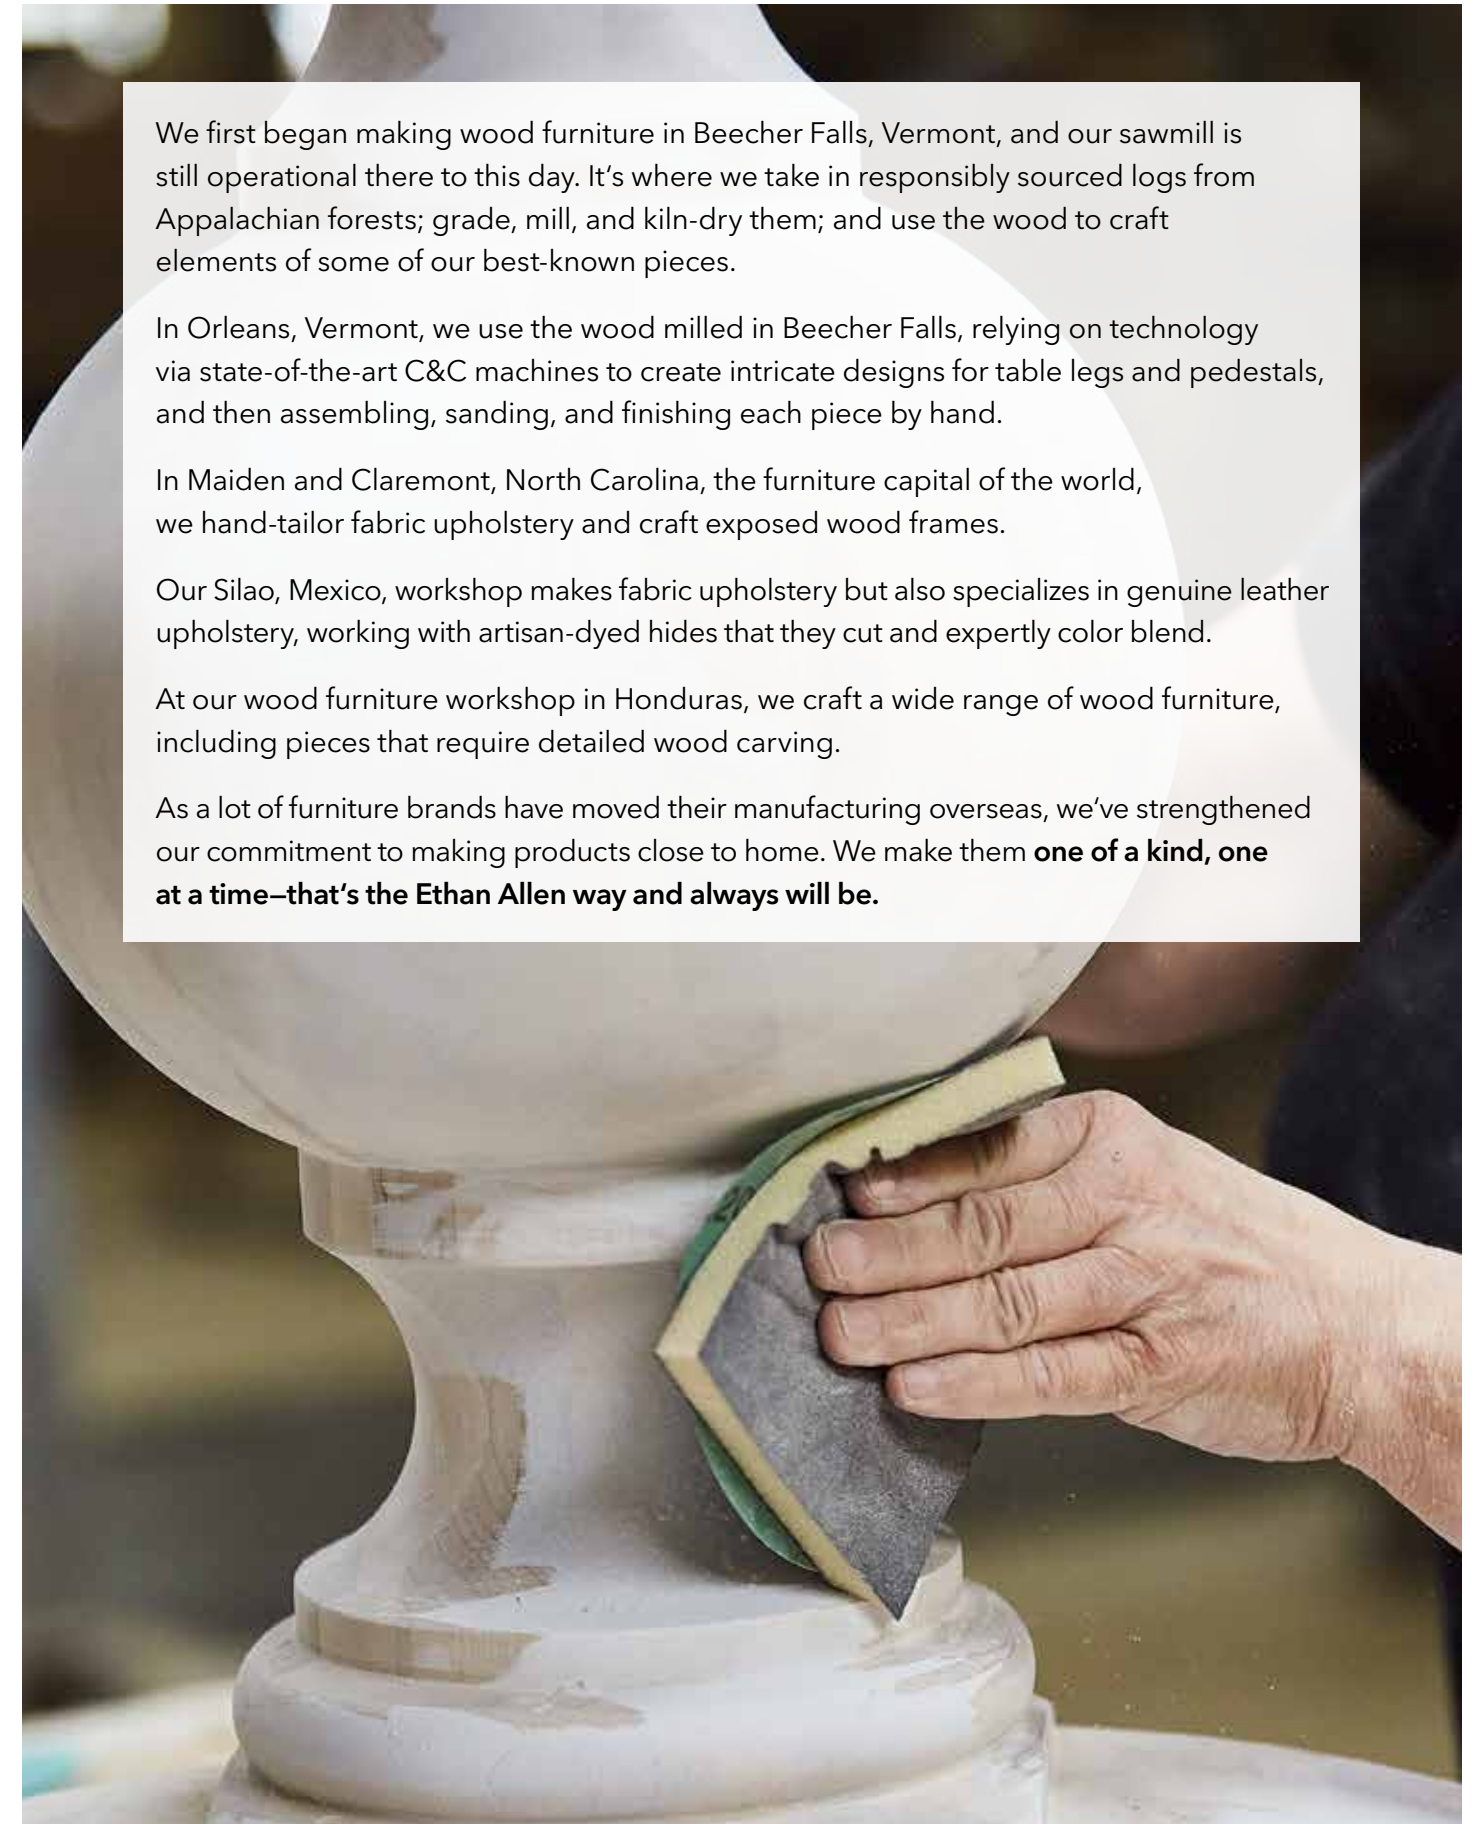

In Orleans, Vermont, we use the wood milled in Beecher Falls, relying on technology via state-of-the-art C&C machines to create intricate designs for table legs and pedestals, and then assembling, sanding, and finishing each piece by hand.

In Maiden and Claremont, North Carolina, the furniture capital of the world, we hand-tailor fabric upholstery and craft exposed wood frames.

Our Silao, Mexico, workshop makes fabric upholstery but also specializes in genuine leather upholstery, working with artisan-dyed hides that they cut and expertly color blend.

At our wood furniture workshop in Honduras, we craft a wide range of wood furniture, including pieces that require detailed wood carving.

As a lot of furniture brands have moved their manufacturing overseas, we've strengthened our commitment to making products close to home. We make them **one of a kind, one at a time—that's the Ethan Allen way and always will be.**

SIT BACK & APPRECIATE

Our new **Cape Monaco** collection, inspired by the artistry of rattan weaving but made from weather-resistant materials, is a terrific value. Taking a moment to acknowledge the beauty you can find in your own backyard—priceless.

A WHOLE-HOME TRANSFORMATION

that began as a shopping trip

Frank Schepis has been an Ethan Allen interior designer for almost 50 years. His experience has made him **an interior design whisperer—someone who sees through his clients' words to unlock what they truly need for their interiors.**

Frank Schepis
Design Consultant
Tucson, AZ
Platinum Spirit Award

That's exactly what happened when a client told Frank she was looking for a sectional. She and her husband lived in Colorado but spent the winter months in Arizona, and Frank quickly realized that they needed more than new seating: They needed help to **make their winter house feel like a home.**

He began with the Marcus sectional, choosing an open-end configuration to make their living room feel spacious and welcoming. **Texture tells a clear story from room to room,** from the cut glass vases Frank chose for the coffee table to the velvet fabric he selected for the Drew counter stools in the kitchen.

Frank filled the home with pops of cobalt blue, a color that really spoke to his client. **"It gets really warm in Tucson," he notes, "so she was looking for a color that had a cooler feeling and that bit of brightness."**

The result was a home away from home that the clients could fall in love with—and another successful project for a designer who always delivers. **"Clients know they can count on Frank to know their style and guide them through their choices,"** says Ethan Allen's Tucson Design Leader, Olivia Forsyth.

Frank's favorite part of the design process: creating a presentation and walking clients through their project.
"I love my job. I'm very fortunate to have found something that I still have a passion for after all these years."

CUSTOM BUFFETS

When we decided to expand the options for our custom buffets, we knew Vermont was the perfect place to craft them. The wood used to make them is selected, kiln-dried, and milled in Beecher Falls, right by the Canadian border; it's also where we make our our textured tabletops. Additional elements are assembled and hand-finished about an hour south in Orleans.
