We choose only the finest materials, and rely on time-tested craftsmanship techniques to ensure that every piece of furniture we make stands the test of time.

We weave modern 3D room planning and expert service from our own interior designers into every purchase. We deliver your furniture to you with the care each piece deserves.

extraordinary craftsmanship

BUILDS VALUE INTO EVERY PIECE

Since 1932, we've built timeless quality into every piece of furniture we make.

Your furniture begins with sustainably sourced lumber that we kiln-dry ourselves. We craft every piece using traditional techniques complemented by state-of-the-art technology: Laser-cut motifs and lathe-turned legs meet hand-applied finishes and hand-carved details.

We source fabric from the finest makers, and only select fabrics that meet the highest standards for colorfastness, seam integrity, and more. Our craftspeople tailor every piece of upholstery by hand; when crafting leather furniture, they cut and color-blend every single hide by hand.

Choose your frame, finish, and customizations. Our skilled craftspeople will craft a one-of-a-kind treasure that your family will love for generations.

socially responsible & sustainable

VALUES BEHIND EVERY PURCHASE

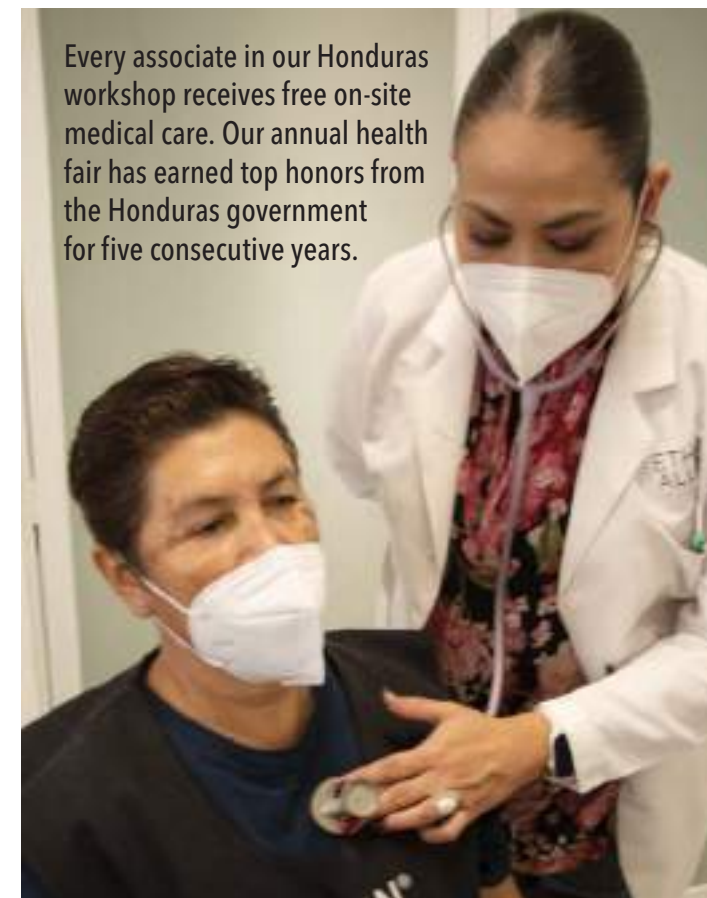

We are champions of social responsibility and sustainability in our industry. These values lead the way to a better planet.

From the sustainable Appalachian forests where we source much of our lumber, to Earth-friendly finishes that help keep the air clean, we consider sustainability every step of the way.

From the on-site medical clinics in Mexico and Honduras, where we provide free medical care to our manufacturing associates, to the highest levels of leadership, we work to ensure dignity, justice, and equal opportunity for every associate.

From corporate giving initiatives, to individual volunteer opportunities, we do our part in creating a better future for our communities.

At Ethan Allen, our values go beyond crafting beautiful homes. We want our planet, and our communities, to be as beautiful and as prosperous as can be.

Every associate in our Honduras workshop receives free on-site medical care. Our annual health fair has earned top honors from the Honduras government for five consecutive years.
