## LEADING THE WAY

*rooted in the values that define us*

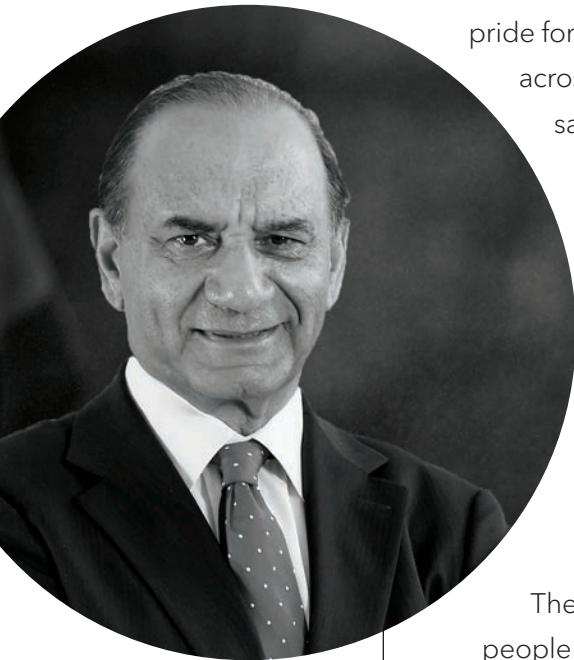

**At Ethan Allen, who we are and what we value are evident in every product that bears our name.** It starts with our handcrafted furniture and hand-tailored upholstery, about 75% of which is made in our very own workshops. Our policy and a source of pride for us is how we treat all of our associates with dignity and respect. We do this across all of our facilities in North America by ensuring strong environmental and safety standards, and in some cases, even providing on-site medical care.

It continues with the one-of-a-kind home accents that we curate from the world's finest artisans, partnerships through which we champion fair labor standards and economic opportunity for everyone all over the world. It moves forward through our commitment to sustainability, where by reducing our carbon footprint, slashing greenhouse gas emissions, keeping waste out of landfills, and boosting our usage of renewable energy sources, we're doing everything we can to preserve our planet for generations to come.

The essence of America is freedom of expression; it's what leads so many people from the world to our shores. Therefore, our mission as a proud American brand is to further the journey of American style by enabling freedom of expression within every home. Our tools—furniture and fabrics, leather and fiber, lighting and accessories, all crafted with the quality for which we're so well known—are artfully wielded by our professional designers, who showcase their commitment to personal service by pouring their time and their talents into helping our clients express who they are and what values they live by.

May the journey of American style always lead you home, and may your home always express the essence of who you are.

# CRAFTSMANSHIP

Patience is a virtue when it comes to handcrafting furniture. In our workshops, we take the time to get every detail right.

Whether we're working with wood that we've milled ourselves in Beecher Falls, Vermont, or with lumber inspected by our National Hardwood Lumber Association (NHLA) certified team in Pine Valley, North Carolina, every piece of maple, cherry, birch, and oak is kiln-dried in our very own ovens.

Hardwoods like maple dry in three or four weeks; oak can take as long as a year. We never rush the process because using wood with the perfect moisture content helps to keep your finished furniture from splitting or cracking.

We fit carefully chosen boards together by hand to construct our rough-sawn tabletops. We attach legs to tables with mortise-and-tenon joinery and fit drawers together with dovetail joinery. To complete each piece, we sand wood surfaces and apply each layer of the finish by hand. Nothing leaves our workshops without passing a rigorous inspection.

Your investment in Ethan Allen furniture today will reward you with years of beauty and worry-free function, brought to you by the patience, pride, and skill of our craftspeople.

## QUALITY

The upholstery you purchase from Ethan Allen is never pulled off a warehouse shelf. Artisans who have spent years perfecting their craft make every one of our upholstery pieces to order using the fabric or leather, wood finish, and finishing touches—nailhead trim, welting, accent buttons, tufting—of your choice.

Crafted from engineered, multi-ply hardwood panels that we source from renewable forests, each frame is fitted with mortise-and-tenon joinery and nailed together by hand. We source the finest fabrics from all over the globe: More than half are printed or woven in the U.S., and all are tested to meet the industry's most rigorous standards.

Our leather upholstery is crafted from complete hides—no shortcuts like splits, castoffs, bonded pieces, or vinyl matching. It can take as many as seven hides to upholster a sectional, and we cut and color-blend each one of them by hand.

Cushions and fiber batting crafted from CertiPUR-US® certified foams, custom-weighted tempered steel springs fitted to each frame, legs with low-VOC, water-based finishes that are oven-dried to cure impeccably—exceptional materials and attention to detail have always been the hallmarks of Ethan Allen upholstery: tailored by hand, tailored to you.

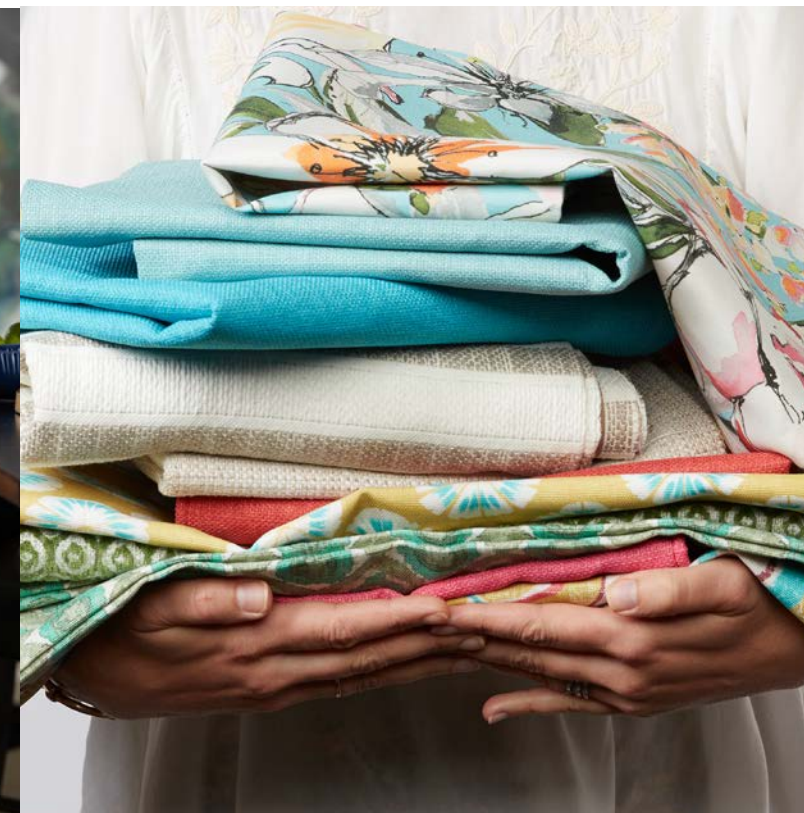

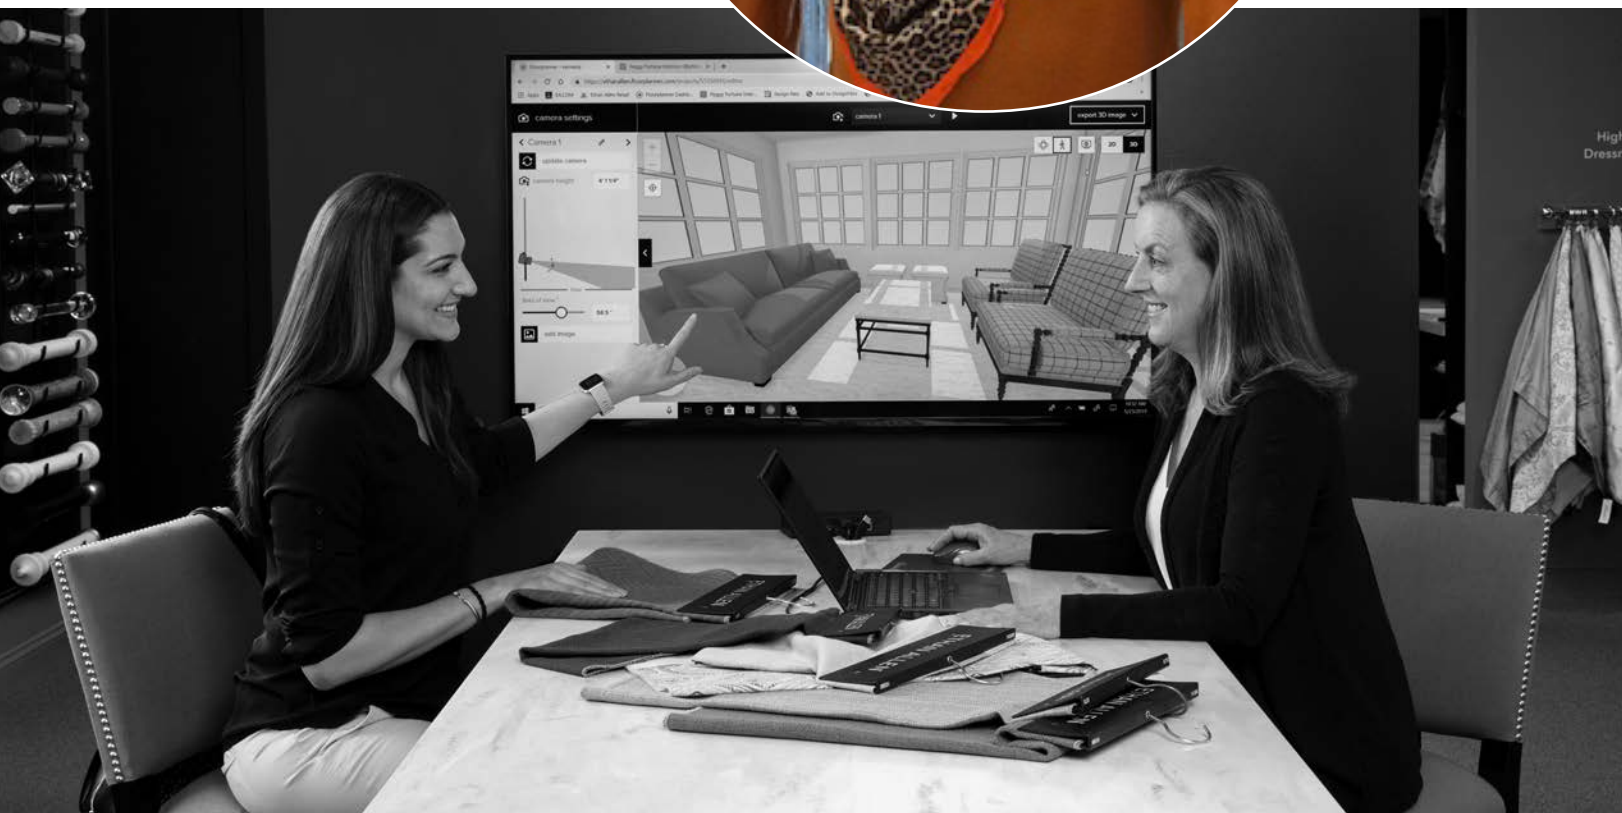

# COMPLIMENTARY DESIGN SERVICE

Every person who comes into an Ethan Allen Design Center is unique; so is every project that our interior designers take on. Their goal is always the same: to create a one-of-a-kind home personalized just for you.

They can create furniture arrangements suited to your home's unique features: they've never met an off-center fireplace, built-in bookcase, or wall of windows that they can't design around. They can also help you choose furniture, fabrics, finishes, and accents that fit with your existing pieces and mementos.

Do you see a picture in this magazine that sparks happiness? Your designer can help you re-create it. Have you already made a Pinterest board and started a collection on Instagram? They'll draw inspiration from what inspires you. Looking for a beautiful living room that can still withstand both chocolatey fingerprints and muddy paws? They'll show you fabrics and leathers that are both fashionable and friendly to kids and pets.

Even if you're not even sure where to start, don't worry: Your designer is here to guide you. Schedule a complimentary interior design consultation in the Design Center, at your home, or via virtual appointment at [ethanallen.com/locations](http://ethanallen.com/locations).

# PERSONAL SERVICE & TECHNOLOGY

Between the dream home in your imagination and the day your dream comes to life lies your personal dream laboratory: our 3D Room Planner. It's just one of the incredible 3D design tools that empower us to serve you wherever you feel most inspired: in the Design Center, at your home, or via online appointment.

This stunning tool creates incredibly realistic previews of your future space, complete with furniture, accents, lighting, window treatments, rugs, and more. You can see your new room from the top as a 2D floor plan or see it from within as a 3D rendering. We can even send you a link to an animated 3D walkthrough of your preview, which you can share with friends and family.

To get started, visit a Design Center or schedule an in-home or virtual appointment with one of our designers. If you want to try the 3D Room planner on your own, grab your room's measurements and visit [ethanallen.com/roomplanner](http://ethanallen.com/roomplanner) to get started.

Not looking to redesign an entire room? You can use your mobile phone or tablet to preview a new piece of furniture or an accent in your current space. Download our EA inHome® app today and start the voyage from dream to reality.

# SUSTAINABILITY & SOCIAL RESPONSIBILITY

At Ethan Allen, we made choices early about what kind of company we wanted to be. In addition to designing beautiful homes, we wanted to help design a better future for people and the planet.

Everywhere we do business, we treat all people with dignity and respect, and we never compromise on good working conditions and fair treatment of artisans. Whether we're hosting an event for a local animal shelter, making donations to Habitat for Humanity, or helping our associates rebuild after a hurricane, we take pride in being part of the communities where our people live and work.

As industry leaders in sustainable manufacturing, we've substantially lowered our carbon emissions and greenhouse gases, found innovative ways to conserve water and electricity, reduced our landfill waste, and fought pollution near our workshops. We use low-HAP and low-VOP coatings in our furniture finishes to help keep the air clean, from our workshops to your home.

When you invest in Ethan Allen furniture, you support our passion for creating economic opportunity all over the world and our commitment to the fight against climate change. Thank you for helping us make our planet, the home we all share, a better place.
