**AMERICA'S
STORY**

Founded 94 years ago, during the depths of the Great Depression, **Ethan Allen has become one of America's best-known companies**—an instantly recognizable name. We began making furniture in Beecher Falls, Vermont, where we still operate the sawmill our founders purchased in 1936.

Today, we still craft wood furniture in Vermont and hand-tailor upholstery in North Carolina; **most of our furniture is still made in North America.** We source much of the wood we use from responsibly managed Appalachian forests, and we kiln-dry all of it ourselves to ensure the best quality for you.

You'll find our Design Centers in big cities and smaller communities all across the country—and this month, we invite you to join us in giving back. **Many of our locations are hosting food drives now through July 31, and we invite you to drop off nonperishable food items to help neighbors in need.**

that summer feeling

The colors are vibrant, the vibes are laid-back—no wonder we look forward to summer all year 'round. Whether you're dreaming up a beachy retreat or staycationing right where you are, **Ethan Allen's interior design service is always included and always complimentary.**

Our Vermont-made **Quincy bed**, with its Sheraton-style headboard and turned posts, mixes regal notes with modern farmhouse flair. Layered with our **Mixed Patchwork bedding**, the look leans nostalgic—it's the ultimate "welcome home."

The furniture you see in this dining room is handcrafted in Ethan Allen's North American workshops. Pieces like our **Piermont dining table** can be made in different sizes and different finishes—made to your taste and for the way you entertain.

OPEN THE DOOR AND COME RIGHT IN. WE'LL HANDLE THE REST.

At Ethan Allen, you're not greeted by a salesperson; you're greeted by a professional interior designer who's ready to help with anything you need for your home. **Whether you're looking for a new sofa or you're ready to remake a room, even your whole home, they'll help you from start to finish—and their service is always complimentary.**

START IN THE DESIGN CENTER

Your Ethan Allen designer will take you on a tour to see what kinds of furniture you like, getting to know you and what you want your home to become. After your initial meeting, **your designer may suggest a complimentary home call**—it helps to see the space they're working in and get a real feel for how you live in it.

DECIDE ON A VISION

See your designer's idea of what your home can become, via **a 3D room plan and an HD 4K video walkthrough of the design** that shows you every detail. Clients really love this presentation—we often hear them say "I can't believe this is my home!"—but it can be when you work with Ethan Allen.

HAVE EVERYTHING DELIVERED

When your furniture arrives, Ethan Allen will call to help you plan **the best day of all: delivery day**. The delivery team will assemble each piece as needed, place it where it needs to go, and remove all packaging, treating your home as if it were their own. Your designer will either be present for delivery or provide a detailed map for placing each piece.

CREATE THE HOME YOU'VE ALWAYS WANTED

Have furniture made in the style you love and surroundings decked out in the colors that inspire you, with every piece arranged and every detail chosen for the way you live. **Have your home designed by Ethan Allen—it's complimentary, and you'll love the results.**

MADE WITH PRIDE

BY THE CRAFTSPEOPLE OF ETHAN ALLEN

Our craftspeople are the heart and hands behind every beautifully styled room you see in our Design Centers and in our magazines. The pride they take in their work has made us the brand we are today.

Consider this your invitation to say goodbye to fast furniture and treat yourself to true craftsmanship and customization—**furniture made just for you.**

Our craftspeople build each piece with high-quality bones—responsibly sourced and kiln-dried lumber, high-quality foams and springs. They apply veneer and wood finishes by hand. **They hand-tailor high-quality fabrics and leathers to each frame.**

There's nothing wrong with beige and gray, but they shouldn't be the only available options. That's why we offer **a world of beautiful fabrics, leathers, and finish colors and characters to choose from.**

Each finishing touch, from contrast welt to gold leaf to nailhead trim, is the work of a real craftsman. **Quality and skill go hand in hand—that's why we still make most of our furniture in our own North American workshops.**

When people think "quality," they think "Ethan Allen." Visit a Design Center to **discover the difference for yourself.**

Our **Arya bed**, with upholstered panels that you can have tailored in your favorite fabric, is made with a light wood finish that lets the oak's beautiful grain shine through. You can also have it made with a solid wood headboard and footboard or turn it into a poster bed.
