## MEET THE ASTOR SOFA

A clean-lined, architectural sofa, tailored in cream-colored woven fabric with copper nailhead trim, is the perfect centerpiece for this dressed-up living room filled with warm-toned fabrics, woods, and metal finishes.

Astor's simple customizations make breathing space for the elegant lighting and accents that give this living room its formal flair. How should we make your Astor? It's completely up to you. **Our craftspeople will create it exactly as you order it.**

WE TAILOR EVERY PIECE  
OF UPHOLSTERY BY HAND  
IN OUR NORTH AMERICAN  
WORKSHOPS.

**THE PIERMONT TABLE**

Crafted from maple or birch and customized in our Pekoe finish, Piermont is the perfect centerpiece for this latte and cream formal dining room. Here, it's rectangular and crafted with an extension leaf, but you can add an additional leaf, order it smaller or in a round shape, and choose from dozens of finishes.

## CREATING THE GEORGETOWN BED

We wanted to reinvent classic Regency style from a modern perspective, making it simpler and sleeker for today.

**Our key insight:** We pared down the form to let finely crafted details take center stage. Panels of hand-placed cathedral walnut veneers, carved details, and pops of gold leaf can truly shine.

Surrounded by handcrafted accents and covered in layers of luxurious bedding, **Georgetown is splendid slumber at its finest:** made for elevated spaces, infused with rich tradition, and reimagined for modern glamour.

# HOW WE BRING CUSTOM FURNITURE TO LIFE

EVERY PIECE OF ETHAN ALLEN FURNITURE IS ONE OF A KIND,  
AND WE MAKE MOST OF IT IN OUR OWN NORTH AMERICAN  
WORKSHOPS. IT'S A COMMITMENT THAT HAS EARNED US  
A REPUTATION FOR QUALITY 92 YEARS IN THE MAKING.

From our craftspeople—sewing experts, leather cutters, masters of veneering—to the inspectors who ensure every piece meets our quality standards, many hands work together to help your custom furniture find its way to the heart of your home.

Our craftspeople source responsibly managed Appalachian hardwoods and mill many of the logs we use. We kiln-dry our own lumber, cut and color-blend our own leathers, and apply stains, glazes, and lacquers that bring out the natural beauty of the wood. From forest to finish, fabric to fill, every element is thoughtfully chosen and impeccably applied.

When furniture is skillfully crafted by human hands, the difference in quality is unmistakable. You select the details, from fabric to finish. Our craftspeople bring it to life, one piece at a time.
