WORLD-CLASS INTERIOR DESIGN

bring your ideas to life

At Ethan Allen, interior design begins with you. Our goal—and our passion—is to create a space that you’ll love coming home to.

Meet us in the Design Center to explore our collection of furniture, accents, and more. Let our pieces fill your mind with possibilities for what your rooms could become.

Invite us to your space, where you can tell us about the must-haves that make your house feel like home, from pet-friendly materials to the personal treasures you already love.

We’ll work on vision boards, select fabrics and finishes that make our furniture comfortable and livable for you, and create a 3D room plan that gives you an almost-real taste of what your space will feel like.

This service is always included at no charge because your home deserves the expertise only a designer can provide.

OUR CRAFTSPEOPLE

make every piece one of a kind

ORLEANS, VT

Every piece, exactly how you like it. We offer so many possibilities for your furniture because we make so much of it ourselves—**nearly 75% of our furniture is made in our own North American workshops.**

Somewhere in North America, a master craftsman is making something just for you. From the quiet northeast corner of Vermont, where our company began, to the foothills of North Carolina. From the lowlands of central Mexico to the mountains of northern Honduras.

You choose the fabric or leather, the finish, and every detail. We get to work, tailoring, carving, and finishing your furniture by hand.

Every craftsman's unique point of view is sewn and carved into each piece they touch—because exceptional furniture, made in North America, is the core of who we are.
