### PLATFORM STORAGE BED SYSTEM

The platform storage system turns the space under the bed into practical and easy to use storage. The platform has over 19 cubic feet of space, with four large capacity draws and a full-width storage nook.

Pull-down doors at the head of the bed provide access to a velvet lined 4½ cu. ft., through bed storage compartment for extra long items.

Drawers fully extend on metal gliders for easy opening. Holds up to 125 lbs. and has 3½ cu. ft. of storage. The drawers are sealed, keeping dust out.

Platform storage beds come complete with power strip and cable management to neatly arrange lamps, radio and charger cables.
